Hi Stephanie;

Turns out our Regional Administrator is available to go on camera this evening, but not until at least 7 or 730 as she is on the road at the moment. Can you arrange something for 7 or so and, if so, can you respond to all with instructions (time place) as she is cced on this message?

Mary Mears,
Deputy Director, Public Affairs Division

Would anyone from the EPA be available for an on-camera interview today to discuss this further?
